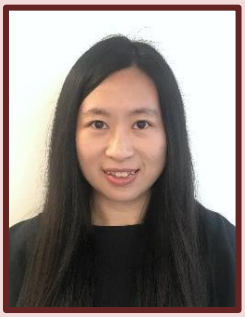
About the speakers

MyCareer as a Young Compliance Professional [Event code: EWEB26121701]

Speaker
Miss Kinnie Lam
Director of Compliance, Financial Crime and Conduct Risk
Standard Chartered Bank (HK) Limited

Miss Lam is the Director of Compliance, Financial Crime and Conduct Risk at Standard Chartered Bank (HK) Limited. She provides regulatory compliance advisory, regulator liaison, risk governance, and assurance support across business teams in Standard Chartered Hong Kong.

Miss Lam began her career in 2015 within the Banking and Capital Markets of Financial Services Assurance at Ernst & Young. In 2020, she transitioned into regulatory compliance, serving as a compliance manager. She subsequently joined Standard Chartered Bank (HK) Limited in 2022, where she has worked closely with business units and regulators to navigate evolving regulatory requirements and support compliant product and operational execution.



Speaker
Miss Kinsie Yeung
Vice President, AML Compliance
Crédit Agricole CIB

Miss Yeung is a Vice President in AML Compliance at Crédit Agricole CIB, where she covers broad financial security functions spanning KYC, Anti-Money Laundering, Sanctions, and Anti-Fraud and Corruption.

She began her career at Deloitte as an audit associate, earning her accounting qualification after three years before making a deliberate transition into banking compliance. The analytical skills, financial sense, and risk-assessment mindset she built in accounting have proven valuable throughout her compliance career, providing a strong foundation for evaluating complex financial flows and controls.

Following her move into banking, she built deep experience in transaction monitoring at Standard Chartered Bank and expanded into AML/CFT advisory at Commerzbank, covering AML and sanctions advisory alongside transaction monitoring systems. Today at Crédit Agricole CIB, she draws on both her accounting background and cross-bank compliance experience to navigate regulatory expectations and financial crime risks across European and international banking environments.
