About the programme

Finance is Live. Digital Transformation of CFO (SCPD16120802)

Course outline

The digital world is transforming business models of virtually every enterprise. Today's CFO faces tremendous pressure to balance the needs of the organization with external demands to create sustainable excellence and demonstrate the value it adds. However, many finance organizations today are hindered by the complexity of disparate systems, a proliferation of spreadsheets, and varied management processes and controls. How CFOs can transform finance to adapt to the changing business models of the modern digital world?

This seminar will cover the following topics:

- From strategy to execution financial planning and analytics in digital enterprise
- Future office of CFO
- How CFO can leverage on technology to detect fraud
- Analytics It's more than visualization and ease of use
- Buy right. Play right. Transforming payables to improve your company's income statement and balance sheet

Speakers

Mr. Ben Shu, Director, Center of Excellence, Enterprise Performance Management, SAP Greater China

Mr. Shu is the leader of Center of Excellence for analytics solution responsible for driving business across Greater China for SAP. This includes business intelligence, predictive analysis, enterprise performance management, governance risk compliance and CFO office solutions. As a trusted advisor, Mr. Shu has advised many companies on how end-to-end business analytics solutions help facilitate closing the gap between strategy and execution that is most often seen as barrier to increased performance. Best practices such as ensuring trusted information, proactively managing risk and creating enterprise visibility are vital to achieve benefits like strategic alignment, profitable performance and confident decisions across the enterprise.

Mr. Peter Koo, Partner, Deloitte China

Mr. Koo is one of the practice builders of the firm's Advisory-in-Audit-IT in China and Hong Kong. He is the National Leader of Security, Privacy, and Resiliency Consulting Services in Greater China Region. He leads and manages privacy and security services, risk management consulting services in Sarbanes Oxley attestation/readiness, internal audit, corporate governance, system processing consulting and re-engineering. Mr. Koo is the regional leader of the firm's eBusiness security and certification authority/ public key infrastructure ("PKI") consulting services. He also serves the firm's various industry groups, including the public sector, Global Financial Services Industry (GFSI) Group as well as the Technology, Media and Telecommunications (TMT) Group.

Mr. Koo is certified to implement WebTrust Assurance Services and is the founder of certification authority/ PKI initiative for Hong Kong office. He plays a key role in the WebTrust and certification authority for CARO compliance standard setting committee for the Hong Kong Institute of Certified Public Accountants. Mr. Koo was appointed as a panelist of electronic banking expert panel by People Bank of China and Guest Lecturer of Zhongshan University. He is also a committee member of the Digital, Information and Telecommunications Committee of HKGCC.

About the programme

Mr. David Liu, GRC Solutions Director, SAP Greater China

Mr. Liu has been working on governance, risk and compliance ("GRC"), health, safety and environment ("HSE") and global trade compliance for 10 years. He joined SAP in 2004 and worked on customer relation management solution, internal control, audit, enterprise risk management, access governance, HSE and global trade compliance and fraud management covering oil and gas, utility, chemical, Hi-tech, mining, automotive, integrated marketing communications, consumer packaged goods, etc. As GRC solutions director, Mr. Liu mainly focused on solutioning, ecosystem and customer requirements roll-in to development and localization. He had also served at China HP and IBM Global Business Unit as senior managing consultant.

Mr. Greg Wong, Director, Analytics, Center of Excellence, BI, SAP Greater China

Mr. Wong has been in the IT industry focusing on Business Intelligence ("BI") and Data Warehouse for more than 15 years. He is the very first Technical Consultant in Crystal Decision then acquired by BusinessObjects at July 2003. SAP acquired BusinessObjects in December 2007. He left SAP at end of 2010 when he was the Head of Business Intelligence and Information Management for Greater China. He has in-depth knowledge on SAP BusinessObject Business Intelligence Solutions and the Enterprise Information Management Solutions. He is a technical person but understands how important the solutions need to map into business in order to achieve the business value. Mr. Wong has been an advisory role on lots of strategic SAP customers during SAP BI implementation. He understands the tactic how to drive the BI success within the organization. After he left SAP, he has stayed in Shanghai, China as a vice president of Global Presales for a Chinese Enterprise Software Vendor (eBaoTech) to provide enterprise core insurance applications for insurance company around the world. He understands the BI value is all about business instead of product's features and functions. He has re-joined SAP at September 2015 as a Director, Analytics, Centre of Excellence, BI where he focuses on supporting SAP BI sales on those strategic accounts again.

Mr. Gareth Bowen, Head of SAP Ariba, Greater China

Mr. Bowen is currently the Head of SAP Ariba, Greater China, SAP Hong Kong. He has been with the company for over 8 years, focused all the time on helping companies leverage Ariba cloud technology to deliver permanent structural change to become sustainably more profitable.

With holistic career experience across EMEA, APJ, and NAMER markets, he brings a global mindset to the work with his customers when discussing challenges in the areas of procurement, accounts payable, sourcing, and working capital management.

Mr. Bowen holds a Master Degree from University College London, and an Executive MBA from Melbourne Business School (University of Melbourne).
