

Property, Infrastructure and Construction Interest Group Cocktail Reception – Addressing Urban Renewal Challenges in a New Paradigm

Hong Kong, similar to many other developed cities, faces a formidable problem of aging buildings and urban decay. Some quarters of our community are living or operating in rundown areas which are in dire need of urban regeneration and environmental improvement. The Government set up the [Urban Renewal Authority](#) ("URA") in 2001 with a mission to create quality and vibrant living in Hong Kong – a better home in a world-class city.

At the coming Property, Infrastructure and Construction Interest Group annual cocktail reception, Ir. WAI Chi-sing, GBS, JP, FHKEng, Managing Director of URA will talk about the scope of urban renewal work, urban decay problem and major constraints to urban renewal facing the authority. He will also introduce a holistic approach to urban regeneration and outline possible measures to overcome urban renewal challenges in the new paradigm. This event is also a great opportunity for you to mingle and share views with fellow members.
