Current Affairs Series 時事系列研討會

Education and The Future of Hong Kong Children

The Hong Kong Institute of Certified Public Accountants' Current Affairs Series aims to raise members' awareness on important social and economic issues in Hong Kong. At the sixth seminar of the series, Dr. Agnes Chan, UNICEF Regional Ambassador for East Asia and Pacific Region, will talk about education and the future of Hong Kong children.

For most parents, their children's education is a top priority. Education is regarded as an essential way for children and our society as a whole to stay competitive in this world of intense competition, constant challenges and disruptions. As society progresses at lightning speed, an education system that can meet the needs of the future generation is crucial.

In this seminar, Dr. Chan will share her insight into education issues, covering how we can help our children prepare for the challenges, and how we, as a society, can nurture them to realize their potentials.
