

Hong Kong Institute of CPAs HKFRS 16 Leases

The new lease accounting standard, HKFRS 16 *Leases* will be effective for annual periods beginning on or after 1 January 2019. It replaces HKAS 17 *Leases* and related interpretations including HK(IFRIC)-Interpretation 4 *Determining whether an arrangement contains a lease*. This new leasing standard introduced a new model for lease accounting by lessees which will impact the balance sheet, income statement and cash flows of all companies with lease agreements regardless of the industry that the company operates in. Companies need to determine the extent of the accounting impact as soon as possible to manage the consequential business implications and analysts can also be expected to take a close interest.

A series of HKICPA seminar and workshops on HKFRS 16 are available for participants to learn the key concepts of the new standard and how to apply them through a range of activities and exercises.
