

IT Series Demystifying Blockchain

With the growing popularity of Bitcoin and other cryptocurrencies, understanding what the blockchain technology is and how it can be used is becoming increasingly valuable. This seminar will provide a non-technical overview of the current trends, the way the technology works, and how it can be used either as a digital asset/currency or as an enterprise tool.

After joining this seminar, participants will gain knowledge about:

- Blockchain technology
- Its benefits and potential applications in business
