

Property, Infrastructure and Construction Interest Group (PICIG) Evening seminar:

# Developing next generation clinical systems by leveraging cloud technologies

The Property, Infrastructure and Construction Interest Group is organizing a seminar to examine the development of smart hospitals in Hong Kong.

At the seminar, Mr. Hing-loi Hui, Chief Systems Manager of the Hong Kong Hospital Authority (HA) will share with you the following:

- How does the IT department of HA build and run the region's largest healthcare IT infrastructure.
- The HA's journey of transforming its infrastructure and services with digital technologies, including the use of mobiles, cloud and data platforms to support its IT strategy in the next 5 years.
- The HA Cloud which is envisioned to provide a more versatile technology platform for providing innovative tools and services to its clinicians and patients, as well as a catalyst for digitally connecting all key stakeholders in the healthcare ecosystem.

Property, Infrastructure and Construction Interest Group (PICIG) Evening seminar:

Developing next generation clinical systems by leveraging cloud technologies

### **ABOUT THE SPEAKER**

**Mr. Hing-loi Hui**Chief Systems Manager
Hong Kong Hospital Authority

Mr. Hui is responsible for architecture and development of clinical systems at the Hong Kong Hospital Authority ("HA") supporting a wide range of public clinical and health services.

Having more than 30 years' experience in the architecture, design and implementation of major IT projects including the Clinical Management System project at HA, Mr. Hui is now leading the development of products supporting next generation clinical management, which comprises new services through the use of digital technologies covering mobiles as well as cloud and data platforms.

Mr. Hui received his B.Sc.(Engineering) in the University of Hong Kong and M.Sc.(Computer Science) in the City University of Hong Kong. He began his career in the power industry, and before joining the health industry, he also worked in the manufacturing and banking industries.
