ABOUT THE SEMINAR

The proposed ISA 600 (Revised) introduces an enhanced risk-based approach to planning and performing a group audit. This approach appropriately focuses the group engagement team's attention and work effort on identifying and assessing the risks of material misstatement of the group financial statements, and designing and performing further audit procedures to respond to those assessed risks. The proposed standard also highlights the importance of the group engagement team's involvement in the component auditor's work. The speakers provided an explanation of the background of the project and the key proposed changes.

This webinar is presented by Len Jui, IAASB Board Member and Chair of the ISA 600 (Revised) Task Force and Jasper van den Hout, IAASB Principal and Lead Staff on the project to revise ISA 600.
