

# Anti-money laundering and counter-financing of terrorism (AML/ CFT) webinar for accountants

## 為會計師舉辦的打擊清洗黑錢及恐怖分子資金籌集網上研討會

### About the seminar

As international financial centre and an open economy, Hong Kong needs to protect its systems and reputation against the ever-present threat of abuse by criminals, including money laundering and terrorist financing. Since the implementation of the amended Anti-Money Laundering and Counter-Terrorist Financing Ordinance (AMLO) (Cap. 615), and the publication of AML/ CFT guidelines by the Hong Kong Institute of CPAs in March 2018, accountants in Hong Kong have been subject to statutory and regulatory obligations to perform AML/ CFT-related customer due diligence and record keeping, as well as suspicious transaction reporting. It is important, therefore, for Institute members to keep up date with their obligations and how best to comply with them to safeguard their own businesses against abuse.

This seminar aims to:

- Examine the requirements of the AMLO applicable to accounting professionals
- Enhance understanding of the statutory obligations and practices on suspicious transaction reporting
- Provide updates on some key issues in the Institute's guidelines from a practitioner's perspective
- Provide a forum for discussion on matters of common concern in relation to this area of compliance.
