Event Code: EWEB25051503

## Navigating the Inland Revenue Department's enhanced eTAX services

**FULL**

### About the topic

As part of the tax digitalization journey, the Inland Revenue Department (IRD) has been actively enhancing the existing e-filing functionality under eTAX services to enhance the efficiency, reliability and accuracy of return filing. The IRD will launch three interconnected portals, namely Individual Tax Portal, Business Tax Portal (BTP) and Tax Representative Portal (TRP), in July 2025 to provide a wide range of electronic services for individuals, businesses and tax representatives. The BTP and TRP will be pre-launched for businesses and tax representatives to register their dedicated accounts starting from late April 2025.

In this webinar, the speakers from the IRD will provide us with a briefing on:

- the enhanced features of the e-filing services; and
- an overview of the BTP and TRP, including the account registration, business registration and block extension online services.
