HKICPA Sustainability Forum 2026

Friday, 3 July 2026, 2:30 p.m. - 5:30 p.m.

EVENT OVERVIEW

The **HKICPA Sustainability Forum 2026** builds on the success of its inaugural launch in 2025, reflecting the growing demand for deeper engagement and dialogue on sustainability developments within the market.

With increasing expectations in the capital markets for consistent, comparable, and decision-useful sustainability disclosures, Hong Kong is strengthening its reporting framework through the adoption of HKFRS S1 and S2, alongside the introduction of a mandatory sustainability assurance regime. In response, the Forum will adopt a technical and practitioner-oriented focus, bringing together regulators, preparers and advisors to exchange insights on sustainability reporting and assurance from standard-setting, practical application and value creation perspectives.

KEY TAKEAWAYS

- **Latest developments**

Stay up to date with the latest sustainability reporting and assurance developments and their implications for Hong Kong-listed companies.

- **Value reporting**

Understand how sustainability information contributes to value creation, corporate competitiveness and long-term decision-making.

- **Assurance readiness**

Gain practical insights on how organizations can enhance their preparedness for emerging mandatory sustainability assurance requirements.

- **Practitioner perspectives**

Engage with professional bodies, companies and advisors through panel discussions, Q&A and networking to gather practical, practitioner-led insights.
