Innovation & Digitalization Conference

AI-driven leadership – Empowering CPAs to master intelligence, governance, and innovation for sustainable growth

About the conference

Organized by the Institute's Information, Communications and Technology Interest Group, the flagship IT Conference returns with a refreshed identity as the **Innovation & Digitalization Conference 2026**, reflecting an expanded scope and forward-looking vision.

This year's conference delves into how artificial intelligence is transforming the accounting profession — from core practitioner to strategic leader— building capabilities in data intelligence, ethical governance, and innovation management.

Distinguished speakers will present the cutting-edge market initiatives on AI adoption and underscore the importance of balancing technological benefits with robust data privacy and governance frameworks. Practitioner-led sessions will share real-world digitalization journeys, featuring practical applications of technologies—including AI and agentic automation—in auditing, financial reporting, risk assessment, and compliance for SMEs and enterprises of all sizes.
