

Mainland Business Interest Group Cocktail Reception – Hong Kong 2030+: Towards a Planning Vision and Strategy Transcending 2030

In an era of rapid social, economic and technological change, Hong Kong as an international city in a globalised world is facing huge challenges and opportunities. Fierce global and regional competition aside, many of our neighboring major cities are advancing quickly to take advantage of the unprecedented economic growth in the eastern hemisphere. On the other hand, with the completion of several major regional transport infrastructure developments in the coming few years, Hong Kong's geographical connection and economic integration with the fast growing Pearl River Delta region and beyond will be greatly enhanced, giving rise to both opportunities and challenges. The recent launch of the "Belt and Road" initiative, coupled with the rapid urbanisation in the Mainland, have provided further market access and opportunities for the Hong Kong professional services sectors that are renowned for their excellence in quality services and works efficiency.

"[Hong Kong 2030+](#): Towards a Planning Vision and Strategy Transcending 2030", a vision-driven, pragmatic and action-oriented strategic plan, is our response to all these challenges and opportunities. Our vision is for Hong Kong to continue to be a liveable, competitive and sustainable "Asia's World City". The Development Bureau ("DB") is putting this strategic plan to our community for consideration, and it sincerely hopes to hear your views on the direction which DB should take for the future of Hong Kong.

The Institute's Mainland Business Interest Group has invited Mr. MA Siu-cheung, Eric, JP, Secretary for Development of DB to provide an update on "Hong Kong 2030+". He will also focus on the Greater Pearl River Delta Region, Belt and Road, Five Hours' Flying Time and One-hour Intercity Traffic Circle.
