

Accounting and financial reporting:

HKFRS 9 *Financial Instruments*

HKFRS 9 *Financial Instruments* became effective on 1 January 2018 and replaced HKAS 39 *Financial Instruments: Recognition and Measurement*. The standard introduces a new approach to classification and measurement of financial assets based on the entity's business model and an instrument's cash flow characteristics. It also introduces a new forward-looking impairment model which requires earlier recognition, and ongoing assessment of credit losses. The hedge accounting requirements under HKFRS 9 are more principles based and more closely aligned with the entity's risk management practices.

These workshops cover the new concepts and the practical issues and business impact that companies should consider.

COURSE HIGHLIGHTS:

These workshops provide in-depth application experience through examples to explain HKFRS 9. The speaker will also cover the transition options and disclosure requirements under HKFRS 9.

The workshops are designed to help preparers and users evaluate the impact of HKFRS 9 on the business and its financial statements. Participants who are interested in the workshops are advised to enroll in the **HKICPA e-seminar: Updates on Hong Kong Financial Reporting Standard – HKFRS 9 Financial Instruments (audio) (Programme code: ESEMETLS170502)** for a basic knowledge of the standard before attending the workshops. Participants should consider enrolling in all three workshops in the series for a comprehensive working knowledge of the standard.
