ABOUT THE WEBINAR

Average home price in Hong Kong has risen three-fold since end of 2008 and demonstrated much resilience over the past 12 months despite the social incidents and the COVID-19 pandemic. A number of factors including population trends, capital flows, interest rates, housing supply, policy measures, stock market performance and the wider economic and political landscape are shaping the market. Among these factors, which are the key drivers? Where are Hong Kong home prices heading in the near future?

At the webinar, the speaker will talk about:

- Housing demand dynamics in Hong Kong
- Upcoming land and housing supply in Hong Kong
- Outlook for Hong Kong home prices
