

## E-learning webinar: Economic Outlook for 2022

Event code: EWEB22052501

### About the topic

Due to the 5th wave of COVID-19, Hong Kong's economic performance in the first quarter of 2022 was seriously impacted, while it is expected to recover with the stabilization of the situation. Further, Mainland faces a real estate downturn, while new outbreaks amid a very low tolerance to COVID-19 continue to dampen its consumption recovery. At the same time, economic recoveries from the pandemic are likely to continue globally.

The Institute is pleased to invite Mr. Banny Lam, Managing Director and Head of Research, China Everbright Bank International Investment Corporate Limited ("CEBI"), to be our speaker and sharing with us the following:-

- Economic outlook for 2022
- Progress of the global recovery
- Challenges for Mainland and Hong Kong in the near future
