

YOUNG MEMBERS VIRTUAL CONFERENCE 2022

Decrypting the future of the profession – Finding success in a sustainability-driven future and the new digital economy

About the conference

The global drive to incorporate sustainability into all facets of organizations, as well as the inevitable demand for digital transformation throughout, are changing the profession as we know it.

But with change comes opportunity.

To help young members find out what those opportunities are, this conference will bring a panel of speakers to share their insights and experience with young CPAs on the latest industry trends, including how they can get involved in the sustainability and ESG initiatives of their companies and organizations; the challenges and opportunities facing young accountants under the new digital economy amid growing influence of the Metaverse and NFTs; the types of skillsets they should possess to be future-ready CPAs, and more.

Tips for career planning and online interview, as well as job market trends will also be addressed by a recruitment consultant.

Join the **Young Members Virtual Conference** to learn more and enrich your long-term career prospects.
