

Anti-money laundering and counter-terrorism financing webinar for accountants

為會計師舉辦的打擊清洗黑錢及恐怖分子資金籌集網上研討會

About the webinar

Accountants in Hong Kong are subject to certain statutory and regulatory obligations to perform anti-money laundering and counter-terrorism financing (AML/ CFT)-related customer due diligence, record keeping and suspicious transaction reporting, and apply targeted financial sanctions in relation to terrorists and the proliferation of weapons of mass destruction, under the Anti-Money Laundering and Counter-Terrorist Financing Ordinance (AMLO) (Cap. 615) and other related legislation, as well as the Hong Kong Institute of CPAs' AML/ CFT guidelines.

With further amendments in AMLO being implemented and constant changes in the external money laundering environment, it is important for designated non-financial businesses and professionals, including accountants, to regularly refresh their knowledge of the AML/ CFT regime and developments in Hong Kong, and how best to comply with their obligations and protect their own businesses against abuse. This seminar aims to:

- Examine the latest requirements of AMLO applicable to accounting professionals
- Provide updates on counter proliferation financing
- Enhance understanding of the legal obligations and practices regarding suspicious transaction reporting
- Provide updates on some key issues in the Institute's guidelines from a practitioner's perspective
- Provide a forum for discussion of matters of common interest and concern in relation to AML/ CFT
