Groupings

Based on enrollees' levels and previous match experience, the league panel members will try their best to group each team with different level players to ensure the league will proceed on a fair basis as far as possible.

Generally, anyone who has been HKICPA representative team member or who has competed in advance level at any open tournaments will be grouped under **Premier A or Premier B**.

Whereas those who have competed in other lower level at any external competitions with official results will be grouped under **Champion** and the rest will be grouped under **General**.

Rules and Information

Grouping criteria

- The league panel, comprising the TTIG co-convenors and organizing committee (OC) members, has been delegated to draw up the group lists for subsequent teams-draw administered by the Institute.
- The panel members will base on the information provided by the enrollees in the enrollment form regarding their external competitions' experience and results.
- The panel members will also refer to the enrollees' past performance in practices and tournaments.
- In the absence of any past records, the enrollees may be invited to participate in a practice to enable the panel to make a proper judgment for grouping purpose.

League format and scoring system

1. It is a single round-robin team-league format.
2. Matches between 2 teams consist of 4 Singles.
3. The winner is the player who first scores 11 points. In the event of deuce, a game will be won by the first player who gains a two-point lead. Each match is determined by the best of 3 games.
4. The scoring for the 4 matches between 2 teams is as follows:

Won (best of 3 games)	1 marks
Lost	0 mark
Walkover	0 mark

5. The team's score after completion of the 4 matches against another team is as follows:

Won	2 marks
Draw (2:2)	1 mark
Lost	0 mark

6. The total number of team-matches of the league depends on the number of registered players.
7. Each team shall consist of 4 players from different groups Premier A, Premier B, Champion and General.
8. The sequence of play in each round starts with players from General, Champion, Premier B and then Premier A.
9. This is not a handicap tournament. Best effort will be made to ensure each team consists of similar mix of stronger and weaker players, therefore no handicap will be given to any team.
10. The league will come to an end after completion of all the matches as scheduled. Except in the event of weather inclement on match-day, in which case the remaining matches will be re-scheduled.
11. Ranking is based on the total marks of each team. The team with the most points in the league will be the champion.
 - (i) If there is a tie, the team which won the relevant matches between the involving teams will be ranked at a higher place.
 - (ii) In the event that para. 10(i) fails to achieve the desired outcome, the ranking will be determined by the total number of relevant team-matches won between involving teams".
 - (iii) In the event that para. 10(ii) fails to achieve the desired outcome, the ranking will be determined by the total number of individual matches won and then the number of individual games won.
 - (iv) In the event that para. 10(iii) fails to achieve the desired outcome, the ranking will be determined by draw administered by the Institute or its delegate.
12. The top four teams on the ranking will be the champion, 1st, 2nd and 3rd runner-up respectively.

*Below is an illustration of the league rules based on a **total of 8 teams** in the league:*

- (a) Each team has to play a total of 7 team-matches i.e. 28 individual matches under the single round-robin league format.*
- (b) To be eligible for final ranking, each team has to complete all the 7 team-matches at the end of the match-day.*

13. The panel may change the format/scoring system in case of unforeseeable circumstances at the spot.

Table tennis rules

In principle, all match rules will be held in accordance with the rules and regulations of the International Table Tennis Federation (ITTF) as far as possible given the league is not intended to be a professional tournament and the main objective of the league is to help members to gain competition experience and promote fellowship.

TTIG members will be appointed as umpires to the matches while one independent official will be engaged for the match co-ordination and recording of results. Players have the right to raise objection with regard to the decision of the umpire or in the case of suspected foul play, but they must do so by raising it with the chief official on the spot. Upon consultation with TTIG co-convenors/ TTIG OC members / panel members, the chief official's decision shall be final.

Remarks

- Scores of each individual and team-match will be posted on the notice board soon after the matches. Players should check the scores promptly and draw the official's attention to any errors, if any. In terms of fairness, there is also a need for all the players to check all the results of their team even though it is at the bottom half of the league table and virtually has no chance of winning, because it is impossible for other players to check the results of any team-match in which they are not directly involved.
- As the league is a team competition, players must be present throughout the matches so as to avoid any occurrence of walk-over which will affect the overall result of the team.
- All players should have idle time between matches for their own good.

The Institute reserves the right to change the format, schedule and rules of the league as and when required without prior notice.
