

Young Members Committee  
Career insights series:

# CV writing and interview skills

(Event code: EWEB23062603)

CV writing is an important process in a job search and should never be taken lightly. It is the very first step to make an impression, telling the interviewers who you are and why you are suitable for the role. A precise and concise CV could definitely help a job applicant build a sound personal brand.

This webinar aims to help young members produce a professional and tailor-made CV that is both informative and interesting to employers and thus win an interview. The speaker will explain how to properly outline our professional experience and skills on a CV and tap into job opportunities that we would like to target. Common interview questions, dos and don'ts, and practical tips to excel in an interview will also be covered in the webinar.
